```java
1  package blog;
2
3  public class MyAverageLengthJavaClassName {
4      public static void main(String[] args) {
5          System.out.println("Hello world!");
6          System.out.println("This is a really long line! How should it look
   when printed on a single Letter page?");
7      }
8  }
```
